

P-Cast-On for Round Knitting Looms and Single Sided Rakes

The P-Cast-on leaves a nice crochet edging. I would recommend it for any item where you would like to achieve a nice non-loopy edge.

The idea of this cast-on method originated from a Provisional needle knitted cast-on method. I needed a provisional cast-on for one of my needle knitted scarves and after finding the easiest one, the light bulb in my head turned on and I decided to try it out on a loom. Since, it originated from a provisional cast on, I thought of keeping the P from the original name.

Enjoy!

Instructions

Set up: Form a slip knot with your yarn. Insert crochet hook through slip knot.

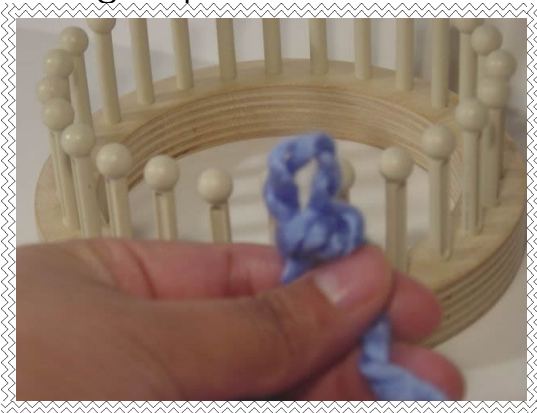

Figure 1: Set Up

Step 1: Take crochet hook towards the center of the knitting loom.

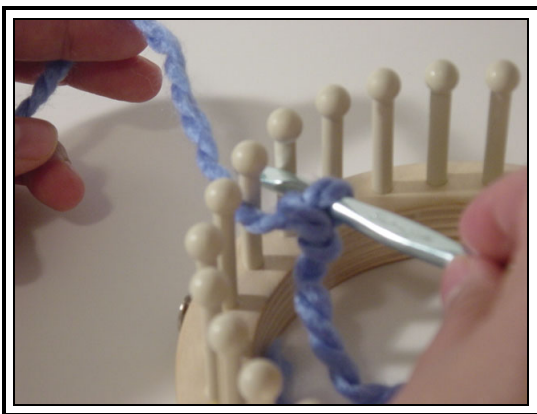

Figure 2: Step 1

Step 2: With crochet hook, go in between the first two pegs. Catch the working yarn and hook it with crochet hook. Pull the yarn through the slip knot that is on the crochet hook.

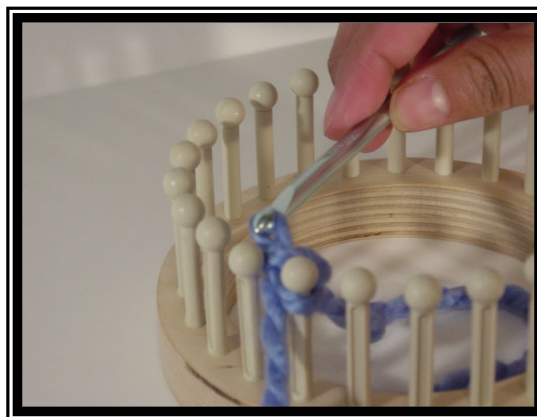

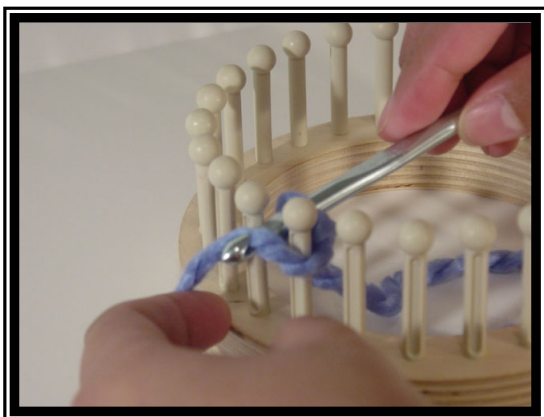

Figure 3 & 4: Hooking the yarn (Step 2)

Step 3: With crochet hook, move up to the next peg, (between the 2nd and 3rd peg)

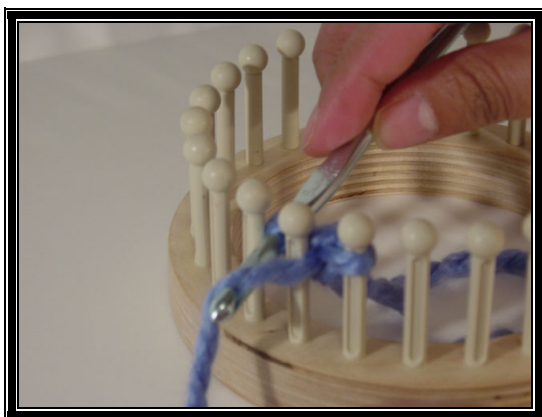

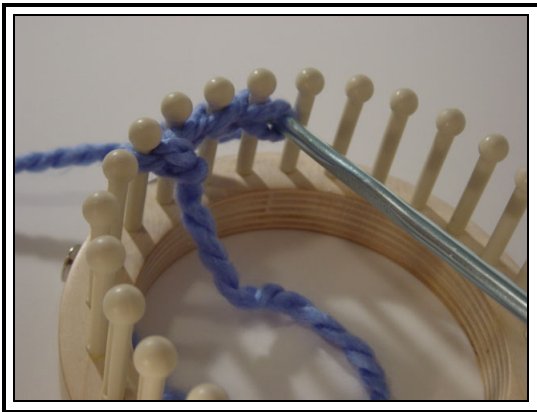

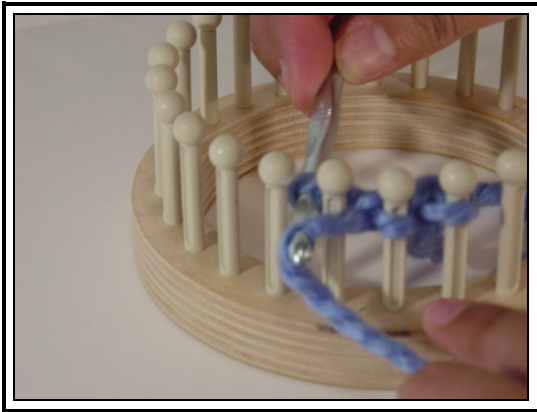

Figure 5: Hooking the yarn

P-Cast-On for Round Knitting Looms and Single Sided Rakes

Repeat Steps 2 & 3 down the knitting loom, covering all the pegs. You will need to stop 1 peg before the last one you want covered. (For example, if pattern calls for casting-on 10 pegs, stop at peg 9).

Last Step: With yarn coming from the peg before last, place the chain on the crochet hook, on the last peg that needs to be wrapped. Once you have placed the loop on the peg, tug on the working yarn gently to tighten the stitch. Each peg should show 1 loop on the outside of the knitting loom. Knitting loom is ready!
